About NNEdPro

NNEdPro is an award-winning, international, interdisciplinary and research-intensive think tank anchored in Cambridge, with principal UK research hubs at Ulster University (School of Biomedical Sciences), Imperial College London (School of Public Health) and the University of Cambridge (School of Social Sciences). NNEdPro serves as an independent research organisation with strong education and training as well as knowledge network functions, operating digitally across ten regional networks across six continents bringing together doctors, dietitians, nutritionists, other healthcare professionals, educators and researchers.

A series of collaborations and strategic partnerships enables us to bring together the best of education, research, evaluation, and advocacy, particularly in nutrition related aspects of health and food systems. Within this framework we conduct a range of training courses, primary research studies and syntheses to fill key evidence gaps. Read more about our work here. Our aim is to improve nutrition-related health outcomes in line with the United Nations' Sustainable Development Goals and the Decade of Action on Nutrition 2016-2025.

Vision

To establish the NNEdPro Global Institute for Food, Nutrition and Health as a world-leading and highly innovative think-tank, training academy and knowledge network, bringing together the best of education, research, evaluation and advocacy, particularly in Nutrition- related aspects of health and healthcare systems.

Mission

To tackle the global crisis of malnutrition (in all its forms) by conducting research and delivering education in gap areas, empowering professionals, policymakers and the public; to facilitate sustainable improvements in nutrition and health behaviours, accelerating progress towards the United Nations 2030 goals.

Programme at a Glance

Wednesday, 10 December - Day 1		
Afternoon	Half-Day Special Symposium	<p>This half-day Special Symposium will include a welcome address, a recap of key findings and impacts from the previous summit, and a keynote on "Target 2030 - Food and Nutrition Policy: From Human to Planetary Health."</p> <p>The event will feature breakout sessions focused on emerging issues in food and nutrition policy, followed by a Mini Symposium with expert panels, individual presentations, and an interactive Q&A.</p>
Thursday, 11 December - Day 2		
Full Day	Human Health Focus	<p>The first full day of the Summit, focused on Human Health, will begin with an opening ceremony and speeches from dignitaries. The plenary session will cover nutrition policies impacting human health, precision nutrition, and sustainable food systems, followed by two Mini Symposia presenting the latest research and policy recommendations.</p> <p>After a recap of the pre-summit event at Ulster University, the day will include networking during lunch, interactive breakout sessions on nutrition strategies, and two further Mini Symposia exploring cutting-edge topics in human health and nutrition.</p>
Evening	Gala Dinner & Confluence <i>[ticket-holders only]</i>	Networking dinner with Special recognitions and cultural engagement.
Friday, 12 December - Day 3		
Full Day	Planetary Health Focus	<p>The second full day of the Summit, focusing on Planetary Health, will begin with a plenary session on sustainability, climate change, and food security policies. Two Mini Symposia will explore planetary health, food systems transformation, and global policies, followed by a recap of insights from the pre-summit event in Belem on food security and sustainability.</p> <p>The day will feature networking opportunities during lunch, breakout sessions on aligning food policies with planetary health goals, and two Mini Symposia which will conclude with discussions on environmental sustainability and policy integration.</p>
Saturday, 13 December - Day 4		
Morning	Global Youth Essay Competition & Festival of Ideas	<p>The last half-day of the Summit will feature the announcement of the BMJ Poster Competition winners, recognising outstanding contributions in research and policy.</p> <p>The Festival of Ideas presentations will showcase innovative ideas for future food and nutrition policies, followed by a poster exhibition and networking session to encourage collaborations and future project discussions.</p>

Please note, the programme is subject to change.

Supportership Benefits

As a supporting organisation, you will be crucial in promoting nutrition education and providing applicable skills to students and professionals while gaining IANE membership registrations and visibility opportunities at the Summit. You can extend those registrations to your organisation or donate them as scholarships.

Affiliate Memberships with the International Academy of Nutrition Educators

IANE is a membership scheme for professionals and organisations interested in developing and delivering high quality nutrition education and evaluating its impact, particularly on healthcare practices.

With one year of membership as an affiliate member, you and your collaborators will gain access to benefits such as one to one mentoring sessions, live webinars and journal clubs, forum discussions, discounts and more. The number of places will vary according to your level of support.

Places & visibility at the 11th International Summit on Food, Nutrition and Health

The International Summit on Food, Nutrition and Health is a leading annual international scientific meeting in nutrition research and scientific dialogue, attracting delegates who are key opinion leaders in the field from all over the globe.

The 11th Annual NNEdPro International Summit is planned to be held in Scotland, UK and aims to bring together experts from across the globe to strengthen and promote international initiatives and discuss issues centred on the main theme of food and nutrition policy. The number of places will vary according to your level of support.
