

# Collaborating Individuals

NNEdPro Collaborators have project/initiative-specific involvement with NNEdPro, often via the NNEdPro Chair and some may have an additional roles across other sections of the NNEdPro membership. Our 'Principal Members/Collaborators' represent those individuals with whom NNEdPro has current/recent grant funded work, 'Senior Members/Collaborators' represent independent professionals, whilst 'Members/Collaborators' represent early career professionals, with whom there is ongoing collaborative work.

*The views, opinions and research outputs (outside of research/initiatives related to their collaboration with NNEdPro) of our collaborators do not necessarily represent the views of NNEdPro.*

## PRINCIPAL MEMBERS

*Principal Collaborators listed below are independent professionals and hold joint funding with NNEdPro and their collaboration remains in place until funded project work has reached completion.*
